PROFESSIONAL SUMMARY

Experienced FullStack Developer with hands-on experience in building scalable and high-performance web applications using React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS. Skilled in backend development with Python (Flask/Django) and RESTful APIs, focusing on clean code, security, and scalability. Experienced in cloud deployment (AWS/Azure), CI/CD integration, and Agile SDLC practices. Strong collaborator in cross-functional teams, ensuring seamless user experiences and maintainable codebases.

KEY SKILLS

- **Frontend Development:** React.js, JavaScript, HTML, CSS, Tailwind CSS, Bootstrap
- **Backend Development:** Python, Django, REST APIs
- **Database Management:** SQL, PostgreSQL
- **Version Control & CI/CD:** Git, GitHub
- **Cloud & DevOps:** AWS (EC2, S3, Lambda, RDS)
- **Learning & Exploring:** Ruby on Rails, Scalable Web Applications

WORK EXPERIENCE

- **8Bytes Technology Pvt Ltd** (Apr 2023 – Present): *Junior Developer*
 - Developed **RESTful APIs** and backend logic supporting **scalable microservices** and data-driven workflows.
 - Contributed to **frontend modules** using **React.js, TypeScript, and Tailwind CSS**, ensuring **cross-browser performance optimization**.
 - Collaborated with **UI/UX designers** to implement responsive and accessible user interfaces aligned with modern design standards.
 - Worked on **SQL and NoSQL data modeling** and **optimized database queries** to improve data retrieval and indexing efficiency.
 - Implemented **authentication and authorization mechanisms**.
- **Mathodam L P School** (Nov 2019 – Mar 2022): *Primary School Teacher*

PROJECT

IDOCare: IDOCare is a hospital-focused crowdfunding platform developed by a team of 4 to help hospitals raise funds for patients who cannot afford treatment. I worked as a Developer, building features using Python (Flask/Django), React.js, JavaScript, HTML5, CSS3, Tailwind CSS, REST APIs, MySQL, Git, and Linux. The platform focuses on secure donation management, transparency, and a user-friendly experience for both hospitals and donors.

Environment: Python (Flask/Django), JavaScript (ES6+), React.js, HTML5, CSS3, Tailwind CSS, REST APIs, Git, Linux

CERTIFICATION

- 🎓 **Full Stack Development Course (React, Python, Node.js)** – Besant Technologies, Bangalore
- 🎓 **AWS Developer Certification** – Trinity Technologies, Trivandrum

EDUCATION

B. Tech (ECE) – College of Engineering Thalassery | CGPA: 7 | 2016
